About Far Eastern Federal University

Far Eastern Federal University (FEFU) is one of the oldest and most prestigious universities in Russia, established in 1899. Located in the beautiful city of Vladivostok, it serves as a gateway between Russia and the Asia-Pacific region.

The university's Medical Institute offers a comprehensive MBBS program taught entirely in English, designed to meet international standards. FEFU is listed in the World Directory of Medical Schools and is recognized by the National Medical Commission (NMC) of India.
